R.G.A. CLUB.

A good number of spectators turned out to witness this game on the Club ground. At the advertised time for starting the R.G.A. had six men only on the field, and after fifteen minutes' delay the Club kicked off against the sun. After a minute's play the R.G.A. opened the score. Castledine sending in a high shot which gave Wilson no chance. With this unexpected reverse the Club attacked strongly but the R.G.A. defence rose to the occasion and kept the forwards well out of shooting range. Forsyth and Bishop sent in shots from long range and Ansell cleared easily. For a time the Club were pressing and several corners were conceded but the R.G.A. managed to keep their goal intact. Occasionally the R.G.A. forwards broke through but their chances were spoilt by offside play. The Club made the mistake of giving Bell too much to do, for Lelliot had him well covered and had the advantage in height and speed. Angus, who made his first appearance on the left wing, put in some good work, but the inside forwards were not in position to turn his centres to good account. The interval arrived with the R.G.A. leading by the only goal scored.

Harris and Best changed places on re-starting and the R.G.A. took up attack but Harris spoilt a good opening by pulling the ball down close in. The Club then had a turn of attacking, but misunderstanding between two of their forwards enabled Lelliot to clear. The Club pressed for a time and the R.G.A. could not leave their own half owing to the good work of the Club's middleline. It appeared certain that the home side would level up, but the soldiers put up a stubborn defence and saved the situation. The R.G.A. took up the attack and Wilson had a chance to clear easily, but took the ball out to the left, leaving his goal open, and during the struggle Howard dropped back into goal and the R.G.A. dropped the ball over. Howard, in attempting to clear, headed the ball into the net and put the R.G.A. two up. The Club again took up the attack and forced a corner, but the defence cleared and Tracy at the other end tried a shot which Gerrard charged down. Another chance for the Club to score was spoilt through one of the Club players, taking the ball from his partner after the latter had beaten Frampton and had only Ansell in front of him. The closing minutes were played in semi-darkness and it was difficult to see the ball. The final whistle sounded with the R.G.A. attacking and winners by two goals to nil.

The play, although fast, was not good. The home side did not combine and the play was very scattered. Most of the play was on the Club right wing, which appeared quite unnecessary, for Angus was quite equal to the occasion when the ball was sent his way. Had the inside forwards been up when his forward passes were made the Club would have most probably been winners. Bishop played a strong forward game but lacked shooting abilities. Forsyth found the net much too fast and was often found among the halves. Howard was not a success at back, mis-kicking on several occasions. Stewart opened very shakily but in the closing half played a good forcing game. Man, who appeared for the first time, worked hard and should improve. Gerrard played a good defensive game but again failed to feed his forwards. Wilson had the sun in his eyes for the first fifteen minutes of the game and he shot that beat him in the opening minute was probably due to this. He should have prevented the second goal by clearing at once, instead of trying to dodge his opponents close in.

Frampton and Dogrell at times were very sound. Lelliot played a strong game throughout and was well supported by Bailey and Hicks. Ansell, who replaced Oran in goal, stopped a few shots but had not much to do, thanks to the faulty shooting of the Club forwards. Castledine kept the attack well together while Couzens and Tracey made a good wing. Harris, who was out in place of Green on the right wing, could not get going in the opening half but put in good work at inside after the change of ends.

The teams:—
 R.G.A.—Ansell; Dogrell and Frampton; Hicks, Bailey and Lelliot; Harris, Best, Castledine, Couzens and Tracey.
 Club.—Wilson; Gerrard and Howard; Mair, Stewart and Man; Bell, Forsyth, Bishop, Watson and Angus.
 Referee.—Mr. Wright.

KING'S "DIOMEDE"

On the Garrison ground at Sookunpoo the sailors made several changes in the side that went down to the King's on the Navy ground last week by seven goals to nil. From the start the play went in favour of the soldiers but the sailors' defence played a hard game. Jones coming in for special attention. The superior football of the King's, however, wore down the defence, and Dyer beat Proudfoot with a well-placed shot. The soldiers were again attacking and after Proudfoot had saved from Jones, Burnett beat him with a screw shot. A bout in mid field followed and at half-time the King's had a clear lead of two goals.

From the restart the King's attacked and Proudfoot was soon called upon to defend his charge. The sailors' backs cleared but their forwards could make no headway against the soldiers' middle line. Dyer scored a splendid goal after working his way through the defence and a one-sided game ended in a win for the King's by three clear goals.

The King's team.—Blanco; Wynne and Williams; Newton, Hodgson and Gregory; Burnett, Williams, Lieut. Jones, Dyer and Bessley.

The Diomed's team.—Proudfoot; Lockwood and Leonard; Johnson, Wiggington and Harris; Norman, Edds, Sells, Young and Dean.
 Referee.—Mr. Smith.

"TAMAR" v. KOWLOON.

The Tamar had two changes in their team. Roberts came in at centre forward, to the exclusion of Johnson, and Oxland was left back. Handford being unfit. Kowloon made one change, Leonard coming in for Morrison at right half. McElvie won the toss and elected to face the sun. After some minutes play Hill broke away in fine style for the Tamar and centred to Roberts who scored with a fine header into the corner of the net. This lead was entirely unexpected as the Tamar had so far been only on the defensive. Kowloon pressed from the re-start but did not score till much later when the Kowloon forwards wrestled the ball from Oxland and Pasco equalised with a cross shot into the corner of the net after surviving from Duncan. The equaliser was well deserved as Kowloon had done nearly all the attacking, and but for weak finishing would have enjoyed a lead at the interval which arrived with the scores level. Half-time Tamar 1, Kowloon 1.

Burd went down on the resumption but kicked by when attempting to centre. Hill went away on the wing in good style and centred to Roberts who tested Hill with a neat header which the goalkeeper did well to clear. Wheeler kicked out when pressed by Roberts and Hill received but was ruled offside. The Tamar came again and Burd sent in a stinging shot which Hill failed to hold but the ball struck the crossbar and rebounded into play. Roberts was on the spot and sent in a good header which Hill just managed to turn round the post for a corner. Hill sent the first kick across to Wilkins who scored the winning goal with a shot through a crowd of players which gave Hill no chance. Full time came with the Tamar leading by the odd goal in three.

Kowloon had had quite an equal share of the game and had their forwards been better marksmen would undoubtedly have won. Both goalkeepers had comparatively little to do. Hill saved all he had to deal with in great style and was to be blamed for letting two goals through. Routley did well also in the Tamar goal, but seemed to be at fault when Kowloon scored their only goal. The full backs all played good bustling games; the best were Smith for the Tamar, and Wheeler for Kowloon. It was in the intermediate line that the Tamar held the advantage, their halves being all very good in attack and defence. Hudson was the best and was exceptionally good. McElvie played well for Kowloon and he and Hill are about the best in the Kowloon team. The Tamar forwards played a bustling game and took a lot of holding. Wilkins, Roberts and Hill all played very good games. The Kowloon forward line, although fast, is rather weak. Mason was probably the best on Saturday and would have scored many goals for Kowloon if he had the opportunities that other centre forwards had.

Results: Tamar, 2, Kowloon, 1.
Teams:—Tamar, Smith and Oxland; Lawson, Hudson and Bryant; Hill, Veness, Roberts, Wilkins and Burd. Kowloon: Hill; Wheeler and Knight; Leonard, McElvie and Duncan; Clemo, Cooke, Mason, Pasco and Muir. Referee:—Mr. Tildesley.

KING'S RESERVES v. ST. JOSEPH'S

These unbeaten teams met on the Garrison ground at Soekunpoo when the soldiers proved their superiority in junior football by beating the College boys by six clear goals. Early in the game Jones gave the King's the lead, then Denkerfield and Moran added further goals and at the interval the soldiers were leading by three goals to nil.

The fast game of the soldiers played the College to a standstill and Denkerfield scoring three goals in the second half, the Kings won as above.

SOUTH CHINA "B" v. R.G.A. RES.

This match played on the "B" Garrison ground was won by the South China "B" by six goals to one. Each side finished with ten men only, players being ordered off the field. Leung Wing Tak, Au Kit Sang (2), Li Kum Heo (2) and Chui Kwong Young scored for the "B" team, while Brennan scored the R.G.A. goal.

SOUTH CHINA "A" v. UNIVERSITY.

A very fast game was witnessed on the Navy "B" ground between the "A" team and the University. After seven minutes play Chai Fok Choi opened the score following corner kick. Ten minutes later Tam Cheun Fook put the "A" team further ahead and they were leading at the interval by two clear goals.

Early in the second half Tam scored for the University and three minutes before time the same player added a second, and the game ended in a draw of two goals all.

CLUB DE RECREIO v. "TAMAR" RESERVES

At Kowloon the home team won by two clear goals. The game was evenly contested in the open but the home team had more finish in front of goal. Ogley scored for the Club de Recreio and before the interval the same player put on a second goal. With a lead of two goals for the home team the second half was a well contested second half being blank; the Club de Recreio won as above.

SACRED HEART v. "DIOMEDE" RESERVES

On the Navy "A" ground these teams played a drawn game of two goals all. At the interval the Sacred Heart was leading by a goal, scored by Chilton, to nil. Early in the second half the sailors levelled up, through Rigby and ten minutes later Castle gave them the lead, leading by two goals to one and with only five minutes remaining for play a win for the sailors seemed certain but Cheung Kum Cheun broke through and scored, and the game ended in a division of points, two goals all.

KOWLOON v. FILIPINO CLUB.

On the St. Joseph's ground the Kowloon team won by three clear goals. The play was mostly confined to the Filipino half and in the opening portion of the game Kowloon scored once through Pile. In the second half about ten minutes after play had been resumed Beech, the Kowloon goalkeeper, handled the ball for the first time during the match. The Filipino defence held the Kowloon men until near the close when Young and Brown got through and scored. Kowloon winning as above.

CLUB RESERVES v. "BLUEBELL."

On the Club ground the home team started with ten men, Buxton coming out a minute after the kick off. The sailors did most of the attacking and Hutchins kept a splendid goal for the home team. Corvers fell to both sides but the forwards were erratic in their shooting. The Bluebell had hard luck on several occasions and a ding-dong battle ended in goalless draw.

FIRST LEAGUE.

H.K.C.C. v. I.R.C.

This league game was noticeable for the low scoring of the batsmen and for its exciting finish. The match ended in a draw, each side scoring 99 runs. The Home side won the toss and sent the Indians in to bat. Scoring was slow and wickets began to fall from the first over, but O. Ismail, Curram and A. el Arculli stopped the rot. The home side did not fare any better in their batting and after the dismissal of Webster, Hollands and Percy, wickets fell in every over. Both sides bowled well and fielded smartly. When six o'clock came the Home side were still batting with one wicket to fall but it was too dark to play further.

FRIENDLY MATCHES.

H.K.C.C. "A" v. KOWLOON C.C.

RANSAY'S CENTURY.

The outstanding feature of this match was the very fine century knocked up by Ramsay for the K.C.C. He retired unbeaten on a compilation of his hundred after a good all round display of batting all round the wicket. He gave one chance at sixteen but afterwards his batting was attractive. His century included 17 fours. Phillipson who partnered him, just keeping his end up whilst Ramsay did the hitting, retired with him on completion of the century. The K.C.C. knocked up 166 for the loss of six wickets against 124 by the H.K.C.C. which included 46 by D. Reid.

CRAIGENGOWER v. K.C.C. "A."

The "A" team of the Kowloon Cricket Club were entertained at the Craigengower Cricket Club, on Saturday when a friendly match was played. The Home team proved themselves to be much too strong for the visitors and won by 193 runs. Fritz and Dennis again made a fine first wicket stand and between them knocked up 118 runs. Fritz is a batsman, fielder and bowler of much experience and he should, with any luck at all make a great name for himself this season. The visitors were unable to stand up to the bowling of Fritz and Abbas and they were dismissed for the poor score of 47.

THOSE MOTORISTS.

SCHOLARS TO GET UP EARLY AND AVOID THE RUSH.

Owing to the increasing dangers of motor traffic the Rev. J. Kirk Macdonald announced on Sunday morning the Sunday School at Union Church will be held in future in the morning at 10.15 o'clock, instead of in the afternoon. (The Hongkong press motorist—as "Mr. Punch" recently called him—is apparently a late starter.)

This leaves Sunday afternoon free, and Mr. Macdonald went on to state that next Sunday a Men's Meeting will be inaugurated, and will take place in Union Church Lecture Hall at 4.30 p.m. every Sunday afternoon during the winter. The Fleet returns within the next few days and it is hoped that the meeting will do something to solve Hongkong's perennial problem of bringing civilian and service men together to the benefit of both.

LAWN BOWLS

THE OPEN CHAMPIONSHIP FINAL

U. OMAR'S BRILLIANT GAME

By his brilliant play on Saturday afternoon, at the Police Recreation Club, U. Omar has answered once and for all, in no uncertain manner, the criticism which has been rather unfairly laid against him—that he was not good enough to be included in the Interport Bowls team. True, on that occasion he did not play up to standard. He was then off his game and nervous, but yesterday he shone with all the brilliancy of an old and experienced interpreter, whereas he is, one might say, but a youngster; and his decisive defeat of that veteran player, W. Russell, twice champion of the Colony, has given bowlers something to talk about during the off season which has already started.

It was Omar's match right from the start. He took the lead at the third head, never looked back and maintained it right to the end. He held his opponent at nearly every end and his degree of superiority can perhaps be gauged by the fact that he won fourteen out of the 21 heads and tied in another. His opponent, it must be understood, played a good steady game, hoping against hope that his patience and steady drawing of the wood would in the end tell on his young opponent's nerves, but not so, Omar got the lead and increased it shot after shot. He completely overshadowed his opponent. Bowlers are agreed that it is a long time since they have seen such a splendid exhibition by any one player. If Russell did make a good shot and got a lie near the jack which drew applause, Omar was sure to get through and to improve on it. On one occasion Russell's wood rested on the jack. Omar was not to be denied and came through difficult port and rested his wood on the other side of the jack.

The whole run of the play from the start seemed too good to last and one looked with certainty for the change after the interval. It did not come although for the first two heads it looked as if it was to be so, for Russell secured four shots in the first two heads; but after that Omar took command and only lost three of the next eleven heads. Towards the end he scored rapidly. At the sixteenth head he notched a three which brought his score up to 17. He lost the next head and tied the next. Then in the next to the last he scored a two, and in the last made a three. The final scores were: Omar 21, Russell 11. Scores:

* A tie.

Amongst those who witnessed the match were Mr. J. R. Reid, Manager of Tai Koo Dock; and the Captain Superintendent of Police (Mr. E. D. C. Wolfe) and Mrs. Wolfe.

At the conclusion of the match the Championship trophy and other prizes won in the Hongkong Lawn Bowls Association competitions were presented to the winners by Mrs. D. Harvey, wife of the Chairman of the Association.

Mr. HARVEY, in addressing the gathering apologised for the absence of their President (the Hon. Mr. A. G. Stephen) who was most unfortunately laid up with a bad attack of dengue fever. Mr. Harvey described the afternoon's match as a very keen game. The winner had played exceedingly well and his win from the veteran Russell, who had already won the championship twice was something out of the ordinary. He then called upon Mr. D. Gow, the Vice-President of the Club, to say a few words. Mr. Gow, he said, had very kindly presented handsome prizes for the non-league players competition.

Mr. Gow opened his remarks by offering his congratulations to Omar who, he said had played the game of his life—of his young life, he should add, and he hoped he would be able to play many more like that yet. They had seen some really first-class bowling, and whilst he had already congratulated the winner he had also to congratulate him on being included in the Interport team. He did not think that this had happened before—to be included in the Interport team and to win the championship in one year. He thanked the Police Club for the use of the ground and the excellent manner in which they had provided accommodation for the large crowd of people. He then called upon Mrs. Harvey to present the prizes.

The prize winners were as follows:—The Open Championship of the Colony: 1, U. Omar (prize presented by the Hon. Mr. A. G. Stephen); 2, W. Russell (presented by the Hon. Mr. A. R. Lowe); 3, R. Wallace (presented by Mr. T. H. G. Brayfield); 4, G. Greener (presented by Mr. D. K. Blair).

Non-League competition (prizes for individual members of the team, presented by Mr. D. Gow):—1, Tai Koo "B"; 2, C.S.C.C. "A".

At the conclusion of the distribution of prizes Mrs. Harvey was presented by Mr. Gow with a bouquet of flowers in a silver holder.

PORTUGUESE MUTUAL AID SOCIETY.

ANNIVERSARY CELEBRATIONS.

Yesterday was the tenth anniversary of the Portuguese Mutual Aid Society, and the occasion was celebrated by a prize distribution and tea dance, at which most of the leading members of the Portuguese community in Hongkong were present. Prizes were distributed to the children in the Portuguese classes at the Italian Convent and at St. Joseph's College; these classes are run in connection with the Portuguese Mutual Aid Society.

The chair was taken by the Portuguese Consul, Senhor Albuquerque de Castro, supported by officials of the Society, and Bishop Pazzoni. The prizes were distributed by Mrs. e Castro, wife of the Consul.

The Society was originally founded ten years ago for the purpose of aiding members of the Portuguese community in distress, but was not properly going till a year and a half later.

Mr. Silva Netto, Vice-President of the Society, briefly reviewed their activities during the past year, quoting the numbers of distressed cases assisted.

The Consul also spoke, stressing the importance of co-operation among Portuguese out East. He spoke of the good work done by this Society, and expressed the hope that their efforts would continue to meet with the success they deserved.

The Secretary, Mr. J. A. d'Almeida, and Mr. F. P. B. Soares also addressed the gathering.

The prize winners were:—

CRAIGENGOWER CRICKET CLUB.

ANNUAL PRIZE DISTRIBUTION.

The annual prize distribution of the Craigengower Cricket Club took place yesterday afternoon when a large number of members and friends gathered at the Club for the purpose of taking part in the programme of games which had been arranged. Four rinks of bowls were played whilst the tennis courts were in great demand. At the conclusion of the afternoon's sport the prize distribution took place. Mrs. C. H. Lyson, wife of the President of the Club, making the presentations. Mr. R. Bass, the Hon. Secretary, in introducing Mrs. Lyson, thanked the many present for their attendance. He pointed out that the success of the various sporting events of the Club and its activities generally were mainly due to the interest taken by the members in the games. In particular, they were keen on playing matches off to time which was one of the great points of success. He remarked on the revival of tennis this year, which had been dormant for many years, and thought that this was probably due to the fact that this year they had encouraged the players by having a mixed doubles handicap. It was the first mixed doubles handicap the Club had had and it meant success for the tennis competitions. He recalled one year when the interest of the members in tennis had reached such an apathetic stage that it was considered best to return the tennis prizes to the donors. In bowls they had had a successful season and one of the attractions was a prize presented by Mr. Bradbury for league playing members of the Club. Then they were especially pleased at one of their member's success in winning the Open Championship and he hoped that next year the Club would be in the running again.

The prizes were then distributed, after which dancing was indulged in by the members and their friends, Professor Gonzalez's band providing the music.

The following are the prize winners:—

CRICKET.

Best batting average.—B. W. Bradbury.

Best bowling average.—E. W. Major.

Mr. E. D. C. Wolfe concluded the proceedings by stating that the police very much appreciated the honour of having the championships played on their ground. He understood that this was the first year in which that had happened and hoped it would not be the last one.

Cheers for the winner and loser brought the proceedings to a close.

CHINESE RECREATION CLUB.

ANNUAL "AT HOME" ON SATURDAY.

NG SZE KWONG'S "NEW SPHERE OF ACTIVITIES."

The Chinese Recreation Club held its fourteenth annual "At Home" on Saturday afternoon. A large number of guests were present and a most enjoyable day was spent. Sports were held in the early part of the day, and at the conclusion of these Mrs. C. C. Wang, wife of the Chairman (Dr. C. C. Wang), presented the prizes to the winners. Mrs. Wang at the same time presented cups and medals in connection with the Club's annual tennis tournament, as well as prizes won by members of the cricket team.

Before the presentation of prizes, Dr. Wang took the opportunity of thanking the visitors for their presence. In the course of a short survey of the Club's activities in the sporting world during the past season, Dr. Wang said he was glad to inform them that the Colony's Open Singles tennis championship had once again been won by Mr. Ng Sze Kwong. This was the sixth time in succession in which this player had successfully fought for the title. In beating Mr. Lay this year he won the Cup for the third time in succession, and again became its permanent owner. Ng Sze Kwong had also won their Club Championship, a title he had held for the past ten seasons. These things were all matters on which they could congratulate themselves.

They then came to the League games, and here things were not so good. In tennis and in cricket they had done rather badly, and he thought this could be largely attributed to a lack of enthusiasm on the part of the players themselves. He had strong hopes, however, that they would improve as the season continued. It was rumoured, Dr. Wang continued, that Ng Sze Kwong was seriously thinking of retiring from the realm of sport, and devoting himself wholeheartedly to seeking the hand of a lady. If that was the case he was sorry from the point of view of the Club, for the loss would be a great blow to them. Still, they wished him every success in this new field of activity, and hoped he would be as successful in it as he was in the sporting field. (Applause.)

He hoped that in the ensuing year new blood would course down the veins of the Club, and that they would be able to recover some of their lost prestige. Owing to the weekly typhoons of the past year, culminating in the big one of August 18th, their scheme for the extension of the Club premises had to be held in abeyance. Their membership had increased considerably, and he sincerely hoped it would continue to do so. Before Mrs. Wang presented the prizes he would ask the Hon. Mr. Chow Shou Son to give them a short address.

The Hon. Mr. Chow Shou Son in the course of a happy little speech congratulated the Club on their talent in weather prophesy, for the day, he commented, had been ideal, though a trifle warm in the early stages. He was very pleased to hear that Ng Sze Kwong had again retained the tennis singles championship of the Colony, and that Chinese had won the doubles championship. Any man who could retain the position of singles champion of the Colony for six consecutive years, as Ng Sze Kwong had done, was in a position to be envied, especially when one considered the brilliant plays they had in Hong Kong. They could not on behalf of the Club help feeling sorry to hear that he was deserting sport for matrimony, but they did offer him their heartiest congratulations, and hoped he would be happy. They could still ask him to devote at least a portion of his time to the exercise of his skill and efficiency at sport and to training the Club's young members. He was sorry to hear that there were certain departments of sport in which they had done badly, but they had always to remember that the game was the thing. If they won, then they hoped to win with modesty, and if they lost then they did not wish to become discouraged. Instead, they would put their hearts into it and try and retrieve their lost honours. It was only during the last ten or twelve years that the Chinese had excelled to the full the value of sport. Now they had learned to keep themselves fit and combine mental ability with physical fitness. He ventured to say that no man, no matter how clever and brilliant, was of any use to himself or to others unless he combined health and strength with his brains. He understood that when Lord Kitchener made his great call early in the War, the Army he collected together was drawn from all classes of men. But they had one thing in common, and that was that they were all good sportsmen and good athletes. Thus they had confidence in themselves, and though their officers were killed in battle, there was always the man to step up from the ranks and take charge and lead his fellows on to victory. It was only then that they had achieved such prodigies of valour.

Mr. Ng Sze Kwong made a short speech also, in which he denied that he was retiring altogether from the field of sport. He thought the rumour might have been caused by his falling off rather in keenness in the tennis court, but if he had fallen off it was for reasons best known to himself. (Laughter.) At least, if it were true that he was thinking of marriage, he could assure their Chairman that he would soon see him (Ng Sze Kwong) back again on the tennis courts with his old vigour. If the Club still needs him to keep up their prestige in the world of sport, then he would not leave them. (Applause.)

FAREWELL TO MR. W. B. WALKER.

TRIBUTES TO A POPULAR AMERICAN.

Eighty members of the Hongkong staff of the Standard Oil Company of New York gave a farewell tiffin to Mr. W. B. Walker on Saturday at the Hongkong Hotel in honour of his recent election to the directorate of the Company. It was made the occasion for presenting him with a watch, a gift in which the entire staff of the South China Department, both foreign and native, participated. A suitable gift was also handed to Mr. Walker for Mrs. Walker, who is now absent from the Colony. The tiffin afforded eloquent testimony to the popularity of Mr. Walker and the very high regard in which he is held by the members of his staff.

This was the culmination of a number of farewells to Mr. Walker among which was a complimentary tiffin given to him by a few personal friends at the Hongkong Club on Monday, the 15th inst., at which he was presented with a silver cigarette box inscribed with the facsimile signatures of those present. Mr. Walker's career with the Standard Oil Company of New York has been marked by continued success and advancement. Mr. Walker came to Hongkong in 1895 and his twenty-nine years of service in the Far East have all been spent in this Colony with the exception of the period, 1900-1902 during which time he was in the Philippine Islands opening and organizing the Company's business in that field.

Eight years after his arrival he was made Assistant General Manager of the South China Department, and in 1919 was appointed General Manager. Mr. Walker in his years of service has been largely responsible for the growth and development of the Company's business, and interests in the South China Department which now embraces South China proper, Formosa, the Philippine Islands, Indo-China, Siam, Straits Settlements, Federated Malay States and the Dutch East Indies.

We feel safe in saying that no business man in the Far East has a wider acquaintance or a larger number of friends than Mr. W. B. Walker. His generous kindness has earned for him a noticeable degree of loyalty and co-operation among his staff and business associates. His success, in which his friends rejoice, is well earned and fully deserved.

Mr. Walker has always interested himself in charitable and relief organizations and for some time has been a director of the Alice Memorial Hospital.

He is leaving Hongkong to-morrow by the *Honang* for India, and will continue his journey to New York via Europe. Though he is leaving the East it is expected that he will still retain connection with the Orient in his new position.

On Mr. Walker's departure, the American community lose with regret its oldest and most prominent member, and his many friends in Hongkong will wish him every possible measure of success in his future work.

Mrs. Wang then proceeded to distribute the prizes. The Tennis Tournament results were as follow:—

Handicap Doubles.—Winners, Lai Tam Sze and Lau Fook Ling; Runners-up, Yeu Man Tsau and Lau Man Ching.

HONGKONG, OCTOBER 22ND, 1923.

SOME PHILIPPINE QUESTIONS.

THE controversy between the Filipino leaders in the Government of the Philippine Islands and the Governor-General (Major-General LEONARD WOOD) which led, a little while ago, to the resignation of the Council of State and Departmental Secretaries, has received its quietus, for the time being at least, by a decisive pronouncement from Washington which confirms the Governor-General in the stand he has taken. "The controversy with the legislature leaders and certain executive officers," says Mr. Secretary WEEKS in his cable, "is at bottom a legal one. The Congress, after full consideration, vested the authority of control and supervision over all departments and bureaux in the Governor-General, which makes these officials directly responsible to him and not to the legislature, as in a parliamentary form of Government." The message added that the powers of the Governor-General had not been exceeded or misused by Governor-General Wood in any instance of which the War Department has been advised, and if the Legislature has enacted legislation in violation of the provisions of the organic law, such legislation is to that extent null and void, and in so far as it provides for encroachments on the authority of the Governor-General is in no way binding on that official. This authoritative declaration by the Administration at Washington clearly sets the limits to the measure of self-government which has been granted to the Philippines by Congress. The Filipino "Commission of Independence" in a report in the conflict declares immediate and absolute independence "the only solution of the political chaos," and in order to meet the fact that the consensus of American opinion is that absolute independence at the present time would only serve to increase the political chaos, the Commission recommends that a Commission should be empowered to go to the United States and present the Filipino side of the controversy.

Although the Coalition in the Legislature has announced a policy of non-cooperation with the Chief Executive, it did not go the length of refusing to hear his annual message to the Legislature last week, although one of the ultra-radicals in the Senate asked, by a formal motion, that the Coalition should carry the controversy to that length. The Governor-General himself delivered his message before a full attendance of the Senate, and about two-thirds of the membership of the House of Representatives. It was a lengthy message reviewing conditions in the island and reiterating many of his previous recommendations, including one that the suffrage should be extended to the women of the Philippine Islands under the same conditions as men have it.

Referring to the financial position the Governor-General remarked that there had been a very gratifying increase in the public revenues but this had been more than offset by the added expenses of the Government, "which despite rigid economy have steadily increased, principally through the new burden incident to the interest and sinking fund on the increase in public debt of approximately 100,000,000 pesos made necessary mainly by the losses of the National Bank." The message contained several recommendations aiming at the encouragement of outside capital. An amendment of the land laws was advised, "so as to make it possible for capital to engage in the cultivation of rubber and other products which require large areas of land and a considerable period of time for development." A modification of the mining laws was also recommended on the ground that at present they are such as to discourage the investment of capital in the development of the mining resources of the country. His Excellency said: "There are many conditions here which are highly favourable to investment of outside capital, once they are made known. First, the wealth and variety of almost untouched natural resources—timber, fisheries, mines, and agricultural development on various lines, especially rubber and sugar; an excellent condition of public order; a most friendly people who, with proper treatment, will furnish an adequate amount of excellent labour. It should be remembered that capital is not anxious to go so far afield and that it must be invited to come and not expected to force its way in. It is timid and demands, first of all, security and a return commensurate with the risk involved. All this can be done, not only without prejudice but with great advantage to the people of the islands, and will result in the building up of industries which will tend greatly to increase our revenues. Greatly increased revenues are needed in order that the Filipino people may reach a state in resources and organization which will enable them to maintain an independent form of government when the time for its establishment shall arrive. At present our revenues are barely sufficient, with the greatest economy, to carry on existing activities." But in the most eloquent Filipino political circles there is a very strong objection to the exploitation of the Philippines by American capitalists.

Another interesting paragraph in the address of more than local interest was one in which the Governor-General renewed his previous recommendation that steps should be taken "to get the Government out of business under conditions which will protect the interests of all concerned." "The experience of the Insular Government," he said, "has simply confirmed the experience of other governments as indicated by the conference at Brussels at the end of the War, whose findings embodied the general conclusion that governments cannot profitably conduct business enterprises. Practically all business ventures of the Philippine Government will be found in the last analysis to have been conducted at a loss. All these quasi-public enterprises are of such a character that success is only possible where they receive most careful handling, the kind of handling which owners give their personal property. Under skilled private management the Government-owned sugar concerns can be made a paying investment; but such a result is very doubtful under Government control, which in the last analysis is too often affected by political considerations and lacks that keen interest which a private owner gives to his business affairs."

It is admitted in the cable from Mr. Secretary WEEKS that it is within the authority of the Legislature to provide for the establishment of a bank and for certain investments of a business or semi-business character, but it is laid down that it is equally the duty of the Chief Executive, if he believes these investments to be unwise, to advise the Legislature, as he has done. "The cable from Washington says: 'The legislature must now determine whether these government enterprises are to be carried on or not. So long as the Legislature indicates through adequate legislative enactment and provision of necessary means, its desire and purpose to carry them on, you should endeavour to have it done efficiently.' Whether the legal position, as it is defined by Mr. Secretary WEEKS after consultation with the President, will bring about that co-operation between the branches of the Philippine Government that is desired remains to be seen, but it makes it clear that if a change is desired by the Filipino politicians they will have to seek it by other less offensive means than those they recently adopted."

WHAT NEXT IN GERMANY?

INTERNAL AND EXTERNAL SITUATIONS BECOMING WORSE.

Berlin, October 20th.
Both internally and externally Herr Stresemann's Government is between the devil and the deep sea.

On the one hand, Saxony is threatening open revolt unless Bavaria is brought to heel, while Bavaria, which is already practically independent, is threatening similar action unless "Red" Saxony is suppressed.

On the other hand Premier Poincaré's brusque negative to all the German suggestions for a solution of the Ruhr problem have been a heavy blow to the Government. The situation has caused even the Radicals to despair of the possibility of an agreement with France. "Woe to the tyrant France! The curses of the starving people be on her head!" says Stresemann's organ, which laments that Great Britain has forgotten her international obligations.

GENERALS DISAGREE.

The Bavarian General, Von Lossow, whom General Gessler last September appointed Military Commissioner of Bavaria in order to circumvent Von Kahr's dictatorship—has now refused to execute General Gessler's order to seize the offices of the newspaper *Volkischer Beobachter*.

Simultaneously, he telegraphed to Generalissimo Von Seeckt that he will refuse to obey any order which will bring him into conflict with the Bavarian Government.

Von Seeckt replied that Von Lossow no longer enjoyed his confidence. This, Von Lossow ignored, upon which Gessler went to Augsburg and instructed the Bavarian General, Von Kressenstein, to proceed to Munich in order to induce Von Lossow to resign. Von Lossow refused, but Von Kressenstein resigned.

The Bavarian Government has now informed Berlin that it refuses to have any further official relations with Gessler.

SAXONY AND BAVARIA AT LOGGERSHEADS.

Berlin, October 20th.
Herr Müller has notified the Saxon Premier, Herr Zeigner, that he has been instructed to use the troops at his disposal to restore order in Saxony. He hopes to receive the support of the Saxon Government in this matter.

Müller has issued a proclamation stating his intention to put down terrorism, and threatening the death penalty to anybody forcibly opposing his measures.

KRESSENSTEIN SUPERSEDES VON LOSSOW.

Berlin, October 20th.
A communique announces the dismissal of Von Lossow and the provisional substitution of Von Kressenstein, to whom President Ebert has requested the Bavarian Government to make proposals regarding the appointment of a commander of the Reichswehr in Bavaria.

VON LOSSOW REINSTATED.

Berlin, October 21st.
Advices from Munich state that the Bavarian Government has issued a proclamation stating that in the interests of public peace, pending the restoration of normal relations with the Imperial Government, Von Lossow has been reinstated as Commander of the Bavarian Reichswehr.

RHENISH REPUBLIC PROCLAIMED.

Paris, October 20th.
A Rhinish Republic was proclaimed at four o'clock on Sunday morning at Aix-la-Chapelle. All public buildings were occupied by the Separatists and the Rhinish flag was hoisted on the Town Hall.

The German police offered no resistance. The Republicans issued a proclamation forbidding resistance.

PROHIBITION IN AMERICA.

PRESIDENT COOLIDGE'S DETERMINATION.

Washington, October 20th.
Addressing the Conference of State Governors on the subject of the enforcement of prohibition, President Coolidge expressed his determination not to allow any tampering with prohibition, which had been voted by the nation through Congress. He declared that the great law-abiding element in the nation is entitled to support and protection, which he intended to give up to the limit provided by the Constitution. He appealed to the Governors to assume a full share in the enforcement of prohibition.

FRENCH RADICAL-SOCIALIST PARTY'S PROGRAMME.

Paris, October 20th.
The French Radical-Socialist Party, which, notwithstanding its lack of homogeneity constitutes the main opposition to the Government, concluded its annual congress with a programme aiming at uniting all sections.

The programme steers a course between the Communists and the supporters of the Government, and supports the League of Nations, the maintenance of friendship with the Allies, a rapprochement with Russia, helping German democracy, provided the latter helps the Allies to obtain reparations. The conference expresses a lukewarm feeling towards the Ruhr occupation, but deprecates any act which German Capitalism may construe as anti-French. Nevertheless, the conference threatens to intervene if the French Government rejects reasonable German proposals.

INTERNATIONAL CUSTOMS FORMALITIES.

CONFERENCE FAVOURS EQUITABLE TREATMENT CONVENTION.

Geneva, October 20th.
The International Conference on Customs Formalities discussed the article of the proposed General Equitable Treatment Convention, regarding the settlement of customs formalities relative to deliveries of merchandise and methods of verification, etc.

The representatives of Uruguay and Japan expressed fear that discriminations might be produced in the relations between states which were members of the British Empire and other states.

The Australian and British delegates declared they would strictly observe the principle of equal treatment, and any fears to the contrary were unfounded.

The article was unanimously adopted.

STATE CAPITALISM?

LENIN'S DISCIPLES DESIRE ASSISTANCE FROM FRANCE.

CHAMPION RACE HORSE OF THE WORLD.

LEV WINS CONTEST.
London, October 20th.
Zev won the race for the Championship of the World.

DETAILS OF THE RACE.

LATER.
The weather was brilliant. The spectators, numbered seventy thousand, the greatest crowd that ever witnessed horse race in America. The track was in good order and "off" was given at 3.55 p.m.

At the start Papyrus led by a length, but seemed almost stop, Zev going to the front as he passed the Paddock. Papyrus reduced the American's lead at the half-mile, but Zev regained his length lead during the next quarter-mile, retaining it at the mile. Papyrus, who was driven hard by Donoghue, failed to get up, and Zev, running under restraint, steadily increased his advantage, winning by six lengths amid a great roar from the crowd.

The time was 2mins. 35.2-seconds. Betting 4 to 3 against Zev, even money Papyrus.

SLOPPY TRACK HINDERS PAPYRUS.

New York, October 20th.
It is believed that Papyrus' defeat was due to the fact that he was unable to run on the sloppy track as he was shod smoothly, while Zev was shod with heel-calks.

Donoghue says that Papyrus was not at home in the going. This is confirmed by the trainer, Jarvis, though neither advances it as an excuse for the defeat of Papyrus.

[The telegram regarding the state of the track are somewhat contradictory. One message says the track was "good," while others state that it was "soft" and "sloppy."—Ed.]

NEWS JUST PRIOR TO THE RACE.

New York, October 20th.
The track is soft, following two days' rainfall, and the weather forecast is "cloudy and cooler."

Although when he arrived in America shrewd racing-men thought that Papyrus had scarcely a chance of winning, he will now go to the post favourite, chiefly because his trainer, Jarvis, has transformed the colt—whose still had seen less when he first entered—into a perfect racing machine. How a muddy dirt track will affect Papyrus is matter for speculation, but his legion of backers consider that he is a fine mud-lark, realising that some of his best races in England have been won on heavy turf.

Those anticipating an American victory point out that his sire has handed down to Zev the trick of ploughing through mud lock-dead to victory.

The winner receives \$30,000 and the International Gold Challenge Cup and the loser receives \$20,000.

An interesting feature of the race will be the matching of the lockership of Donoghue and Sande, as both are among the premier jockeys of their respective countries.

HOME FOOTBALL.

IRELAND DEFEAT ENGLAND IN A DESPERATE GAME.

Belfast, October 20th.
In the Association football match Ireland beat England by 2 goals to 1.

The weather was fine. Twenty-five thousand spectators were present. The play was very fast, England doing most of the attacking in the early stages, but the Irish defence was excellent. After a quarter-of-an-hour's play Bradford scored for England from Heggie's centre. Soon afterwards Gillespie equalised. The game continued to be splendidly contested and the interval arrived with the scores at one all.

The second half was most exciting. Both goals had the narrowest escapes. Croft netted for Ireland from a corner after a quarter-of-an-hour's play. England fought desperately, but failed to equalise.

FAR EASTERN CABLE NEWS.

[THROUGH REUTER'S AGENCY.]

THE "TEHYANG MARU" INCIDENT AT CHUNGKING.

ACCOUNT GIVEN BY THE STEAMER'S OFFICERS.

ICHANG, October 19th.

The *Tehyang Maru* from Chungking reports that on the 16th inst., after the first army had entered the city, four sampans loaded with soldiers were sent to search the steamer. When attempting to board, the naval guard opened fire with machine-guns and some of the soldiers were hit. During the fighting the sampans overturned, causing the soldiers to be thrown into the water. They numbered fifty and all were killed or drowned. Soldiers on shore thereupon opened fire on the *Tehyang* which replied, one sailor and two naval guards being wounded. Meantime steam was raised and the *Tehyang* got away.

PEKING'S INFORMATION.

PEKING, October 20th.

In reference to the *Tehyang Maru* incident, other messages from Ichang to Peking state that following the capture of Chungking about 500 soldiers of the First Army opened fire on the *Tehyang Maru* with rifles and machine-guns, then about fifty attempted to board the ship. The captain of the *Tehyang Maru*, fearing looting, replied, at the same time weighed anchor and proceeded to Ichang. The *Tehyang Maru* left Fowchow, yesterday for Ichang escorted by the gunboat *Tobin*.

Another incident is also reported from Ichang. The *Tungtung Maru* was intending to sail from Ichang for Wansien on the 16th inst. when fifteen Chinese soldiers with boxes, presumably containing ammunition, demanded passage. The captain refused and finally postponed the sailing indefinitely, rather than carry ammunition. The passengers therefore returned to shore. The soldiers eventually did likewise.

TOKYO, October 20th.

The President of the Imperial University has presented to the Reconstruction Board a decision reached by the Faculty for the removal of the university to a suburban site.

CHINA'S NEW CABINET.

CONFERENCE ON LEADING PERSON-AGES TO BE CALLED.

PEKING, October 20th.
It was stated semi-officially to-day that Tsao Kun intends to call a conference of leading personages, in and out of Government, in order to discuss the new Cabinet. This is said to be an indication that no immediate changes will take place and agrees with the views of Dr. W. W. Yen, who, when interviewed by Reuter's to-day, said he thought the situation did not justify the immediate appointment of a new Premier.

[BY COURTESY OF "THE DAILY BULLETIN"]

THE CHINESE CABINET.

PEKING, October 19th.
Reuter's correspondent learns from a reliable official source that, as a result of President Tsao Kun's and Kuo Lingwei's persuasion, Dr. Wellington Koo has consented to remain at the head of the Waichingpu till the new Cabinet is formed.

LATER.
Dr. Wellington Koo has not attended the Waichingpu for four days, and it is considered doubtful whether he will reconsider his resignation.

Wu Ching-lien's supporters are still actively working for him as Premier, but the militarists are still opposing him and wiring in favour of Dr. W. W. Yen.

TULL OF SHANTUNG.

PEKING, October 19th.
The newly-appointed Tull of Shantung, Cheng Shih Chi, has formally resigned, but the Government have refused to accept it and have urged him to take up his post.

FRENCH CORRECTION OF A GERMAN REPORT.

A SLIGHT DIFFERENCE.

Paris, October 19th.
A Quai D'Orsay communique describes the German semi-official account of the Von Hoesch-Poincaré interview on October 17th as incorrect and biased. The German version stated that M. Poincaré rejected the proposal for Franco-German negotiations as regards the resumption of work in the occupied area and demanded the complete restoration of the state of affairs before the occupation by the French forces, and also regarded Germany's declaration of inability to finance deliveries as an element of resistance which must be completely abandoned before the Reparations Commission could discuss the eventual German proposals. The chief official French complaint is that M. Poincaré's reply is too closely summarised. The Quai D'Orsay communique, remedying this, furnishes a version apparently only slightly different in meaning to the German account.

NEW HONGKONG PUBLIC COMPANY.

HONGKONG DEVELOPMENT BUILDING AND SAVINGS SOCIETY, LTD.

The prospectus is published to-day in our advertisement columns of the above-named Company which has been formed principally for the purpose of building houses in the Colony with a view to meeting the great demand for housing accommodation which exists at the present time. Negotiations have been completed with the Government for the acquisition of the plateau below "Jardine's Look-out," on the basis of the forty-years' lease scheme explained by the Colonial Secretary recently in the Legislative Council, and the promoters are also in treaty with the Government for numerous other sites, in good localities. About 2,000 applications have been received by the promoters from persons desiring to obtain the assistance of the Company in building houses for themselves.

The capital of the Company is fixed at \$10,000,000 divided into a million shares of ten dollars each. Of these shares 189,000 have been already subscribed in cash by the Directors and their friends, and the remainder are being offered to the public. One dollar per share is to be paid on application and the balance in instalments of one dollar per share at intervals of not less than three months between each call. Further details will be found in the advertisement.

The following further additions are made to the Regulation:—

No person, not being a servant of the company, or duly authorised by the company, shall go or be upon any part of the tramway line or track, which shall include, for the purpose of this regulation, all the tramway buildings, sheds, steps, ways, embankments, bridges, viaducts, cuttings, areas and spaces, not provided for the use of passengers.

Every breach of either of these regulations shall be an offence and shall render the offender liable to a penalty not exceeding \$10.

IMPERIAL CONFERENCES.

GETTING DOWN TO BED-ROCK.

London, October 20th.
The opinion is held among the Dominion representatives that to-day's meeting was one of the most important discussions held at any conference.

The conferees got down to bed-rock in dealing with vital questions which do not lend themselves to publication. Up to the present much ground has been cleared, but the time for decisions has not yet been reached.

The outstanding features of the week have been the free interchange of views regarding Naval, Military and Air Defence.

The discussions have, up to the present, shown that the Dominions have found much room for improvement as regards communications, but, as compared with previous conferences, the Dominion representatives are satisfied that much valuable work is in course of completion.

There is not a single question on which general agreement does not exist between the overseas representatives and the Imperial Government.

EARLIER CABLES.

IMPERIAL DEFENCE.

CORRESPONDENCE.

THE DESTRUCTION OF CHURCHES IN JAPAN.

[TO THE EDITOR OF THE "HONGKONG DAILY PRESS."]

SIR—I have just received this cable from the Bishop in South Tokyo, Dr. Heislott:—
"Lost seventeen churches, besides dwellings, hospitals, dispensaries, schools. Over fifty workers, and 400 Christian families homeless. About 100 killed and wounded. General physical and mental distress great. Thanks. Offer money best."—H. H. L. STARR.

This cable was despatched from Tokyo on the 19th.
I know of the very generous response that has been made in this Colony and elsewhere on behalf of the Japanese Earthquake Relief Fund. At the same time I feel that the facts contained in this cable should be made public, and I can only say that if there are any who would care to send a supplementary subscription for the special purpose of helping Dr. Heislott and his fellow workers, arrangements have been made for any money sent to the Japanese Earthquake Disaster Hongkong Relief Fund and earmarked for Bishop Heislott to be forwarded to him at once.—Yours faithfully,

THE LIQUOR AND TOBACCO DUTIES.

[TO THE EDITOR OF THE "HONGKONG DAILY PRESS."]—

SIR—I was very much interested in reading the report of the Budget Meeting held last Thursday especially the suggestion put forward by the Hon. Mr. Holyoak for the reduction or abolition of the Liquor and Tobacco Taxes. I think you will agree with me that these two articles are not necessities of life, and therefore, this matter should not have occupied the attention of the meeting to the extent it did.

Would not the official member justify his appointment and serve the needs of the General Public by suggesting a reduction in the House Tax instead?

I indulge in both Liquor and Tobacco, but I would far rather see a reduction in the House Tax than reduction or abolition of the other two.

Thanking you for the courtesy of this insertion.—Yours faithfully,
A. TAY PAYER
